Quote of the day...

A quote by Harvey Mackay is displayed in white text over a background image of a mountain valley with a river. The quote reads: "If you have integrity, nothing else matters. If you don't have integrity, nothing else matters."

**If you have integrity,
nothing else matters. If
you don't have integrity,
nothing else matters.**

EVERYDAYPOWER

Today at Clearview we recognize...

What is International Women's Day? Why is it important?

March 8 is International Women's Day. It's a global day to recognize and celebrate women's and girls' social, economic, cultural, and political achievements. It's also a time to raise awareness of the progress made towards achieving gender equality and the work remaining to be done.

The beginnings of International Women's Day can be traced back to the early twentieth century. It emerged from the activities of labour movements in North America and Europe and reflected a growing call for women's equal participation in society. International Women's Day first took place on March 19, 1911, in Austria, Denmark, Germany, and Switzerland. That day, over a million women and men attended public events to show their support. Other countries began to observe and celebrate this day in the years that followed. The United Nations recognized 1975 as International Women's Year and began celebrating March 8 as International Women's Day.

Today, International Women's Day is a day of unity, celebration, reflection, advocacy, and action and is celebrated in many countries worldwide.

The Government of Canada's theme for International Women's Day (IWD) 2023 is *Every Woman Counts*.

It's a reminder that all women, from all ages and walks of life, have a place in every aspect of Canadian society, including in the economic, social and democratic spheres. Let's celebrate the successful women around us, reminding today's youth and girls that their dream is within reach.
